Objective

Further the knowledge and experience I've gained through an internship or full-time position with a company in the tech industry. I want to be able to use my skills and abilities to help a company grow and reach new heights as a business. I want to apply what I've learned and help that company become more successful. I am a hard-working, team-playing, fast learner and can pick up new languages quickly.

Skills

- Languages: HTML5, CSS3, JavaScript, BootStrap, JQuery, MySQL, Php, AngularJs

Experience

[May 2004] – [Oct 2004] [Team Member] | [McDonalds] | [Albuquerque, NM]

- Managing resources.
- Operating in a fast-paced, customer-driven environment.
- Responding to and fulfilling customer needs in a timely and efficient manner.
- Working with a team to accomplish daily goals.

[June 2010] – [Feb 2011] [Assistant] | [Velina Vassar, LMT] | [Albuquerque, NM]

- Input and organization of large amounts of data.
- Handling of client scheduling for services.
